Date & Time: 6th of March 11:00-12:00 GMT

Format: Online Talk

Description: The talk focuses on urban resilience, integrating climate change, disaster risk reduction and sustainable development in cities and territories. The first part gives an overview on key activities of the UNESCO Chair on Urban Resilience (SDU.Resilience). The second part will provide a deep dive on the urban resilience components and interlinkages between national climate policies and local climate plans. The last part of the talk will be dedicated to an open discussion with the participants, aimed also at exploring collaboration possibilities.
